Explanatory Statement pursuant to Section 102 of the Companies Act, 2013

Following statements pursuant to Section 102 of the Companies Act, 2013 set out the material facts relating to item nos. 1 to 4 mentioned in the accompanying Notice dated 7th January, 2017.

Item No. 1

The Company had availed financial assistance from various banks/ financial institutions (the "**Lenders**") for the purposes set forth in the respective financing documents entered into between the Company and the Lenders. Owing to various factors such as lack of visibility of new Power Purchase Agreement for 1320 MW Jaypee Nigrie Supercritical Thermal Power Plant & delay in signing of Power Purchase Agreement where the Company was lowest bidder, low off take by distribution companies (DISCOMS) and abnormal decline in merchant tariffs, lower generation of power by 500 MW Jaypee Bina Thermal Power Plant has adversely impacted the operations of the Company leading to decline in the operating profits & liquidity constraints and the Company could not pay the outstanding overdues to Lenders in a timely manner.

The Lenders had formed a Joint Lenders' Forum ("**JLF**") and formulated a Corrective Action Plan ("**CAP**") for the Company in order to resolve the stress on Company's financial state of affairs. However, the Company could not perform satisfactorily under the CAP due to various factors as enumerated in the foregoing para. Therefore, the JLF had finally decided to invoke the provisions of Strategic Debt Restructuring ("**SDR**") on July 25, 2016 in terms of the RBI Circulars dated June 8, 2015 and September 24, 2015.

As you are aware, the members in the Annual General Meeting held on 24th September, 2016 had accorded its approval by way of an enabling Special Resolution for incorporating necessary clauses required in all present & future loan agreements giving an option to the Company, on implementation of the SDR Scheme, to convert the whole or part of outstanding dues (principal and/ or interest) of the Company into fully paid-up shares/securities of the Company, so as to acquire 51% or more shareholding by the Lenders of the Company.

Further, in view of the prevailing challenging market conditions affecting the power sector, RBI Circular no.RBI/2015-16/422 DBR.No.BP.BC.103/21.04.132/2015-16 dated 13th June, 2016 relating to Scheme for Sustainable Structuring of Stressed Assets and RBI Circular No-RBI/2016-17/122 DBR. No.BP.BC.34/21/04/132/2016-17 dated 10th November, 2016 relating to Schemes for Stressed Assets, Lenders at the JLF held on December 21, 2016 deliberated and agreed to evaluate a full resolution plan comprising 5/25 Scheme (which means banks to extend the maturity period of long term loans based on concession period/ life of the Plant) in Bina & Vishnuprayag and implementation of S4A Scheme (i.e. Scheme for Sustainable Structuring of Stressed Assets) under applicable RBI circulars / guidelines and as captured in the minutes of the meeting dated December 21, 2016. The resolution plan will be finalized by Lenders post completion of TEV (Techno-economic Viability) studies & approval of S4A Scheme by the Overseeing Committee (OC). The equity conversion by Lenders will form part of the unsustainable debt (Part B) under the S4A Scheme. At the JLF meeting held on 21st December, 2016, it was further decided that the banks and financial institutions would convert a portion of respective debt of each of such bank / financial institution, allocated to them into Equity Shares so that Lenders shall, post conversion, collectively hold 51% fully paid up Equity Share Capital in the Company amounting to Rs.3058,00,00,000/- divided into 305,80,00,000 Equity Shares of Rs.10/- each or such number as might be required to be issued.

In terms of the requirement of Section 102 of the Companies Act, 2013 ("**Act**") read with Rule 13(2) of the Companies (Share Capital and Debentures) Rules, 2014 and Chapter VII of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 ("**SEBI ICDR Regulations**") the following disclosures are placed before the Members:

1. OBJECT OF THE ISSUE:

Pursuant to implementation of SDR Scheme, Lenders of the Company propose to convert portion of their outstanding Debt into Equity Shares of the Company. 2. RELEVANT DATE, PRICING OF EQUITY SHARE AND NUMBER OF EQUITY SHARES TO BE ISSUED:

Since the preferential allotment is to be made as per the SDR documents, the Relevant Date for the purpose of calculating the price of the Equity Shares to be issued will be the date on which JLF accorded its approval to invoke the SDR i.e. 25th July, 2016. However, as per SEBI ICDR Regulations, the conversion price shall be determined in accordance with the circulars/ guidelines specified by RBI for SDR, which shall not be less than the face value of the Equity Share of the Company.

In terms of the RBI Circulars, conversion of portion of outstanding Debt (principal as well as unpaid interest) into Equity Share is proposed to be at a 'Fair Value' which will not exceed the lowest of the following, subject to the floor of 'Face Value':

(a) Market value: Average of the closing prices of Equity Shares on National Stock Exchange of India Limited and BSE Limited during the ten trading days preceding the 'Reference Date' works out to Rs.6/- and Rs.6.01 per Equity Share respectively.

(b) Break-up value: Book value per share to be calculated from the Company's latest Audited Balance Sheet (without considering 'revaluation reserves', if any) adjusted for cash flows and financials post the earlier restructuring which works out to Rs.25.76 per Equity Share as per the Audited Balance Sheet as at 31st March, 2016.

Thus, the face value i.e. Rs. 10 shall be treated as 'fair value' for the proposed issue and allotment of 305,80,00,000 Equity Shares (or such number of Equity Shares as might be required to be issued).

The regulations of Chapter VII of SEBI ICDR Regulations shall not apply to where the preferential issue and allotment of Equity Shares is made to Lenders pursuant to conversion of Debt as part of SDR Scheme in accordance with RBI circulars and in compliance with the following conditions:-

a) Conversion price shall be determined in accordance with RBI circulars/ guidelines for SDR Scheme which shall not be less than the face value of Equity Share of the Company; and

b) Conversion price of the Debt into Equity Shares has been certified by two Independent qualified valuers as defined under the Securities and Exchange Board of India (Issue of Sweat Equity) Regulations, 2002.

The Company sought the Reserve Bank of India's ("**RBI**") approval, *inter alia*, to extend the maturity of the FCCBs to 13th February, 2016 and received such RBI approval on 26th March, 2015. Thereafter the terms of the FCCBs were amended *inter alia* to extend the maturity date of the FCCBs from 13th February, 2015 to 13th February, 2016. Till 13th February, 2016, the Company redeemed principal amount of FCCBs partially reducing the principal outstanding amount from US\$ 200 million to US\$ 101.42 million. The Company also paid interest upto 13th February, 2016. The Company entered into another standstill agreement on 11th February, 2016 with majority of Bondholders to avoid enforcement under the FCCBs till 31st March, 2016, subject to certain conditions.

Further, on 25th July 2016, the Joint Lenders Forum constituted by the Company's Lenders had, following a review of the Company's Corrective Action Plan, recommended the invocation of a Strategic Debt Restructuring ("**SDR**") for the Company. Subject to Lenders and all other necessary approvals being obtained, and on the basis of a Reference Date of 25th July, 2016, the SDR is currently required to be implemented no later than 20th February, 2017.

In view of conditions surrounding the power sector in India and as a consequence of the downturn in and highly volatile nature of the global and local capital market, the trading price of the Equity Shares has fallen significantly. The closing share price of the Equity Shares of the Company on the BSE Limited ("**BSE**") and the National Stock Exchange of India Limited ("**NSE**") on 6th January, 2017 were Rs. 4.18 and Rs.4.15 respectively, which was substantially below the conversion price of the FCCBs as stated above.

As a result of the disparity between the trading price of the Equity Shares of the Company and the conversion price of the FCCBs, the Bondholders have not exercised their conversion option, there being no economic incentive to convert their FCCBs into Equity Shares of the Company.

In the aforementioned context, and with a view to:

- (i) Effectively implement the SDR process;
- (ii) Avoid any significant debt burden which would arise in the event that all or a significant amount of the FCCBs have to be redeemed, which may place considerable strain on the Company's financial position; and
- (iii) Improve the image of the Company in the international markets and among major foreign investors;

subject to approvals and clearance of regulatory agencies including RBI and the approval of the Bondholders, it is proposed that:

- (a) conversion price of the FCCBs be reset downwards from Rs. 85.8139 per Equity Share to such lower price as may be determined by the Board subject to the condition that after such downward reset the conversion price of the FCCBs shall at be least Rs. 10 (being the face value of the Equity Share and also the price at which the domestic Lenders of the Company propose to convert their Debt into Equity Shares of the Company pursuant to the Strategic Debt Restructuring Scheme in respect of the Company being Rs. 10); and
- (b) to amend the terms of the FCCBs to give effect to the reset (including without limitation, the conversion price, the foreign exchange rate or such other terms as may be mutually agreed) as may be agreed between the Company and the Bondholders.

The proposed downward reset of conversion price of the FCCBs merely envisages an amendment to the terms of the FCCBs to reflect contemporary market realities, and to maximize the possibility of the conversion of the FCCBs into Equity Shares of the Company. Due to the proposed reduction in the conversion price, the number of Equity Shares to be issued to the holders of the FCCBs exercising their right to convert the FCCBs into Equity Shares of the Company would be significantly higher than the number of Equity Shares which would have been issued, had the FCCBs been converted into Equity Shares at the original conversion price of Rs. 85.8139 per Equity Share.

Pursuant to the provisions of Section 62 of the Companies Act, 2013, as amended, issue of Equity Shares to any person other than the existing shareholders of the Company requires the consent of the Company by way of a Special Resolution.

The issue of the Equity Shares pursuant of the conversion of the FCCBs to be issued by the Company has already been approved at the earlier meeting of the shareholders held on 18th August, 2009. Subject to receipt of relevant approval(s), the Company now proposes to reset the conversion price of the FCCBs downward from the original conversion price of Rs. 85.8139 per Equity Share. Furthermore, the number of Equity Shares to be issued on the conversion of the FCCBs pursuant to the proposed downward reset of conversion price may be higher than if the FCCBs were converted at the original conversion price of Rs. 85.8139 per Equity Share. Accordingly, the approval of the shareholders of the Company is being sought in this regard for such proposed downward reset of the conversion price and the issuance of additional Equity Shares upon conversion of the FCCBs after such proposed downward reset of the conversion price.

None of the Directors, Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the proposed **Special Resolution** except to the extent of their shareholding in the Company.

The Board recommends the Resolution for the approval of the members as a **Special Resolution**.
